Mr Alex Clarke
District Operational Assistant
Hampshire Family Health Services Authority
Friarsgate
Winchester
SO23 8EE

Dear Mr Clarke,

Thank you for the application forms that you have forwarded.

Dr J A Barton - has applied under category B. The course she attended was in June 1985 and in her letter she mentions that she misses the deadline for courses by a year which is in fact incorrect! The guidelines clearly state that where the General Practitioner has not attended a course within the past 3 years she will need to attend a 5 day theoretical course and 6 sessions (minimum supervised practise). These therefore would be the requirements

before Dr Barton can accredited.

Yours sincerely

Code A
