<b>MESSAGE : -</b>	<p>Informant would like to pass some details re the investigation of Dr Jane Barton @ GWMH .</p> <p>Informant would like to say that the nursing and midwifery council informed her yesterday that they are taking no action on her case as the papers sent to them in september 2001 by Insp John James did not include any referral to a practioner. Therefore the nursing and Midwifery council did not proceed although Professor Livesley expert medical opinion included the name of 3 nurses and Dr Jane Barton. The NMC informed her they are only proceeding with the independant five members of the public who wrote to them when John James would not investigate their cases.</p> <p>Further they informed Gillian that as she did not personally write to them they will not consider her case and she has also pointed out that John James and Ray Burt informed her there was not need for her to do so as they have forwarded all the details on her behalf.</p> <p>Hope this makes sense</p> <p>Many Thanks</p>

Please note if you are leaving a message for a member of the public to call you back and you wish to speak with them direct, please give them your six digit extension number. Switchboard will then try to put them through, otherwise they will be put through to the FEC and a message will be taken and emailed to your station as per FEC policy.
