Information: Mrs GRAHAM /N390 rang to speak with an officer concerning the death of her husband, Leonard GRAHAM /N242 (BJC/20) (X107) /X107. She has already been informed that her husbands death will not be investigated by the Police any further at this time and that the relevant papers have been sent to the GMC /L979 for further enquiries.

Mrs GRAHAM would like to speak with someone with regards to the enquiries by the GMC and what she can now expect to happen and what she is likely to hear etc.

I informed the lady that someone from the enquiry would call her but that it may be a couple of days or early next week before anyone in authority is available to speak with her.

She was quite happy with this and stated that she will expect a call at some stage next week with regards to this matter.
