Dear Sir

Operation Rochester, is a long term major enquiry relating to the deaths of elderly patients at the War Memorial Hospital, Gosport Hampshire.

To date a number of Consultants and nursing staff have been interviewed and statements obtained, from both the Gosport War Memorial Hospital and the Royal Naval Hospital Haslar, Gosport

We are currently investigating the death of one such patient who died on 21/8/98. This patient had previously been in RNH Haslar between 5/8/98 and 18/8/98 before being transferred to Gosport War Memorial Hospital.

I have been provided with details of nursing staff and doctors who were on E3 ward at RNH Haslar whilst this person was a patient.

Could you please provide me with the current location and contact tel no of the following personnel. It has not been possible to obtain their service number;

- 1) P. McGARRY ( In 1998 was a L/ Colonel)
2. Sarah THOM ( IN 1998 Was a Lance Corporal)

If there are any problems please do not hesitate to contact me on my mobile: Code A or the above listed number.

Thank You
