Dear Ann,

I write to update you with the current situation in respect of the police investigation into six of the 'Category 2' cases, which relate to individuals represented by your company. A list of these individuals is attached.

As you will know from the letter of 6th September 2004, sent by Detective Superintendent David Williams, these cases have also been fully assessed by a panel of medical experts in Toxicology, Palliative Care, Geriatrics, General Medicine and Nursing. Their assessment in terms of the quality of care delivered to patients prior to death has been further reviewed by a medical/legal lawyer who has independently agreed with the findings of the panel of experts. Your clients' have been sent a copy of the expert review in respect of their relative. Within the analysis, the concerns raised by family group members were considered.

If I can assist you any further please do not hesitate to contact me at the above address.
