Dear Robin,

I am writing to thank you for your hard work and assistance with regard Operation Rochester over the past 18 months. I understand that the recent meeting in Northampton was again very productive and the clinical team has continued to help shape the form of the overall enquiry.

I would also like to thank you for providing me with the "unused" material that you have generated over the course of your involvement with Operation Rochester. It is now an essential part of the Police process to gather all the unused material to show a fair, ethical and transparent investigation. In fact legislation now places a hefty onus on us to get this right. I would therefore be grateful if you could indicate that you have no more material in your possession.

On an administration issue, would you please submit any invoice directly to me as soon as possible in order that it can be paid. This will allow us to accurately cost the screening and review process.

I can only conclude as I began, in thanking you for all your efforts to date. I have no doubt that we will be in contact in the forthcoming months and I very much look forwards to seeing you again.

Yours sincerely
