Dear Code A

Re: Operation Rochester

Just a brief note to let you know that I have been through all the material I have used for Operation Rochester. I have no outstanding notes so I am sure that I handed over all my original material to your colleagues at the last meeting in Northampton. All the files that I have on computer have been handed over in paper form. I will now remove everything to do with the operation from my computer and store them on a disc. If you decide you need the original electronic copies of these documents please let me know.

Yours sincerely
