3<sup>rd</sup> December 2004

**Code A**

Dear **Code A**

Thank you for promptly returning the consent to supply information form in respect of your mother, **Code A** and the expert review form which requires correction.

Please find attached a copy of the expert review which you returned together with an amended copy.

I have reviewed the medical records of you mother and the report from the officer, **Code A**, **Code A** who spoke to you on 16<sup>th</sup> July 2004.

The expert review is incorrect with regards to the first hospital of admission. The medical records clearly indicate that your mother was transferred from Haslar Hospital to the Gosport War Memorial Hospital

The medical records do indicate amongst other ailments that your mother had Parkinson disease. The expert review briefly comments on some aspects of the medical condition of your mother but not the cause of the condition. Please be assured however that the medical experts have taken into account the full medical condition of your mother.

There appears to have been some confusion in respect of your mother's date of birth. The date of birth on her medical records is shown throughout as **Code A** which is why that date was used by the medical/legal expert on the expert review. However, our records do show that you provided **Code A** with a date of birth of 21<sup>st</sup> December 1911. The amended expert review reflects the date of birth as provided by you.

I hope that I have allayed your concerns in respect of the expert review and I apologise for any distress that the original expert review may have caused you.

Yours sincerely

Nigel Niven
