Subject: Op Rochester

Mr Close,

In relation to Operation Rochester I am starting to see an increase in correspondence from interested parties questioning how long the review process is taking.

Accepting that due process takes time, is it possible that you could provide an update regarding when Counsel and the CPS are likely to complete their deliberations? I'm aware that once your work is complete we have to arrange a meeting , discuss findings and then identify the best way forward.

Many Thanks

Dave Grocott
