David

Thanks; I would be grateful for a copy of the report.

My understanding is that the Baker report was to be held by the CMO in
 confidence so as not to prejudice the police inquiries. My guess is
 that CMO may need advice on what to release to the GMC given the terms
 of reference of Prof B's involvement, but his usual attitude is one of
 ensuring as much information is available as is commensurate with
 maintaining any necessary confidentiality.

Hi Colin..

I am about to send an overview report to the local coroner in respect of this investigation..(covering all 3 investigations since 1998) structure and outcome.. will you require a copy?..

Secondly can you let me know the current position of the 'Baker Report' statistical analysis deaths Gosport War Memorial Hospital..? It had been embargoed by the CMO pending result of criminal investigation (I think). We took a statement from Professor BAKER where he commented that patient WILSON could have left the hospital alive..(or words to that effect) this will no doubt be picked up by the GMC..

Dear Paul Hylton(GMC)/ Clare Strickland(NMC) /Jenifer Smith(SHA) David HORSLEY(H.M.Coroner)

Please find attached a family group update letter that I am sending today to relatives of the 10 remaining cases under investigation.

<<Operation ROCHESTER Family Group Update 28/7/2006.>>

All files have now been forwarded to the CPS and I am meeting with Treasury Counsel next week Wednesday the 2nd August to discuss the outcome.

We have also been interviewing (under caution)a consultant Geriatrician Dr Richard Ian REID in respect of 2 cases (of the 10 above) the deaths of Edith SPURGIN and Geoffrey PACKMAN. The final interview with Dr REID is being held on 8th August 2006.. The police investigation into these matters is then essentially complete.

Once the decision in respect of any prosecution is made (in my view not all of these cases meet the standard of evidence required to prosecute criminally and the public interest hurdle remains to be addressed) then we will need to get together to discuss further disclosure to the GMC

and NMC.

I spoke with Dr BARTON's legal rep Ian BARKER last week, he confirmed that Dr BARTON was still adhering to the voluntary agreement not to prescribe Opiates and Benzodiazepines.. She has however now taken a senior practice partner position at her surgery..

I will be in touch post 2nd August to discuss the way forward.. It may be appropriate to pull all stakeholders together to talk this through including the local Portsmouth Coroner Mr David HORSLEY.

Regards..

Dave WILLIAMS Det Supt..

Thanks. I'm fairly sure that we wouldn't have a view on what you do with any evidence that Prof. B has given during the course of your investigation and that you can decide if it was appropriate to put it before the GMC/NMC.

I will contact our lawyers on the status of the actual report itself which the CMO has and let you know. I know there was some talk of them having it as "background information" but am not sure where that ended up.
