 Subject: Action for Lord re Lake from Wilcock report

Following her assessment of Mrs Lake, Dr Lord concluded that 'it is difficult to know how much she will improve but I'll take her to an NHS continuing care bed at GWMH next week'. Dr Barton takes this statement to mean that Dr Lord considered 'Mrs Lake may very well not recover.....and might die.' As this statement could also be interpreted that Mrs Lake may not recover her physical state as it was prior to her fracture, clarification of its meaning should be sought from Dr Lord.

① TST DR LORD

include whether the drugs prescribed to Mrs Lake on admission to GWMH were appropriate and whether the drugs administered to her on the 18-8-08 (Oramorph) and Diamorphine 19-8-08 were appropriate, where the need for the medication was recorded, if not recorded ~~who~~ should it have been recorded & where.
