I spoke with Cindy GRANT upon my return to duty on 5/3/05.

I asked the question 'has Mrs GRANT been written to as per her request' as I noted that the message was dated 11/2/05 and I wanted to clarify the situation as I received the message on 21/2/05.

Mrs GRANT was concerned that the Haslar records were recovered after the meeting 11/9/04. 'someone' had told her that Proff FORREST had not seen any of the Haslar notes. I assured her that all of the Haslar records were sent on to the clinical team, and that the teams conclusion was come to after the Haslar notes had been examined.

Mrs GRANT was happy with this information.

She asked the following

.1. Can the family have a more information about the clinical teams findings, would it be possible to see the final report. She notes the fact that they have received a page of information but states that it doesn't contain a lot of detail.

2. Her mother has signed documentation from Alexander Harris relating to applying for compensation. Mrs GRANT is concerned that this course of action may effect any future court case. She would like to know if her fathers case may be used to corroborate any part of a potential criminal case.

I told her that her fathers case had been forwarded to the GMC and was not going to be part of any potential pros. Case . I told her that I would clarify this and get back to her next week.

The call was cordial and polite. I confirmed with (Code A) that she had my mobile no. and to contact me if she had any problems.

Re: the below message. On 21/2 I requested that you contact Mrs GRANT and answer queries/provide reassurance. The purpose of this request was to clarify her concerns and resolve issues at an early stage. Your reply to me was a question 'Has Mrs GRANT been written to as per her request?'. No, I haven't written to her as I do not provide written letters of response in respect of brief telephone messages.

Please contact Mrs GRANT asap and:

1. Establish what are her concerns regarding the Haslar notes.
2. Confirm to her verbally (again) that all of her fathers medical records, including the Haslar notes, have been reviewed by the medical experts and their findings were quality assured by a medical/legal expert.
3. Confirm to her verbally (again) that her fathers case has been referred to the GMC and NMC.
4. If she insists on a written response to anything, ask her to please write to the SIO with her queries and she will receive a written reply in due course.
