For the spreadsheet.

Kevin,

For your information re News of the World.

At 1415 hrs today I received a telephone call from Lucinda GRANT re case of her father Stanley CARBY who is in the 2nd category. She wanted to know precisely what the experts concerns were in respect of her father and how long it will be before her family will know the results of the further work being done. I explained that the experts concerns are currently being reviewed along with the other cases in the same category and we will not be in a position to release their findings until all of the work is completed. I told her that I was unable to give her a date for the completion of this work.

**Mrs GRANT then stated that her mother received a call from the News of the World last week. They asked if they could have a copy of Stanley CARBY'S medical notes for them to have analysed by a medical expert so that they (the CARBY'S) would have a quick result. Mrs CARBY said that she would think about it but would need to ask the advice of the Police first.**

I reminded Mrs GRANT of the previous advice we gave to the FGMs regarding the media and the prejudicial impact it may have on any Court proceedings. I explained that this would particularly apply to national newspapers such as the News of the World.

The CARBY family **do not** intend to supply records to any news agency.

Thanks,
