Subject: Op Rochester - Victimology Policy

Follow Up Flag: No Response Necessary
Flag Status: Flagged

Nigel,

Confirmation of a change in policy re OP Rochester;

1. Following our meeting with the Clinical Team on Saturday 26/4/03, and our discussion re victimology issues, I now take the view that we should hold off on any further work in that regard.

The reason for this is;

1. The Clinical team are themselves identifying commonalities across patients who cause them concern.
2. Prof Baker may himself identify such issues in his work
3. In any event we will need the Clinical Team to input into the variables to be analysed, this would divert them at this time from their core task.

We will, therefore review this matter at the end of the Clinical Team's work.

2. Could you please arrange contact with Professor Baker to obtain an update on his work and to ascertain if his work will cover this issue?

Thanks
SW
