

Expert Review

Hubert Clarke

No. BJC/10

Date of Birth: **Code A**

Mr Clarke was ninety-four when he was admitted to Gosport War Memorial Hospital on 5 June 2000.

His previous medical history had included angina and a history of **Code A**

Code A

Code A

The expert review of this case confirmed that Mr Clarke was managed with very small doses of drugs including Diamorphine. The prescribing was within fixed doses and demonstrated good management prior to his natural death. In short he was well looked after with good use of medication.
