Dear Mr Readhead,

COMPLAINTS RELATING TO THE GOSPORT WAR MEMORIAL HOSPITAL
INVESTIGATION.

Thank you for your memorandum of 26 March 2003. I have now had the opportunity to read the extensive documentation supplied, including the reports of ACC Jacobs and Chief Superintendent Clacher, the latter dated 21 July 2002.

I do not feel I am in a position to finalise the complaint and respond to the complainants at this stage. Having read all the documentation, there are a sizeable number of issues that appear to remain unresolved. The issues themselves are well-flagged in CS Clacher's report, but do not appear to have been answered in the remaining documentation supplied. I have set out these issues in brief on the attached sheet.

However, I would encourage you strongly to consider again CS Clacher's recommendations at page 25 of his report, 13.1, where he suggests that;

- A Senior Investigating Officer is appointed from an outside force to investigate fully the professional standards issues raised.
- An outside force be invited to review the handling and decision making processes in the Richards case as well as the subsequent matters reported to the Constabulary in April 2001.

I look forward to discussing this further with you. In the meantime, I am writing to the families involved to explain that I have received your report.

You should also be aware that I have received some correspondence from Miss Yeats, a copy of which I enclose. You will see that she appears to have spoken to Chief Superintendent Stevens. The contents of this letter also give me some cause for concern and I would also welcome the opportunity to discuss this further.

Finally, could you please confirm whether or not the families have yet received copies of the medical reports. It is my understanding from p24 of CS Clacher's report that the force would not oppose an application for a court order in respect of these reports and I would be interested to know whether the families are aware of this.

Yours sincerely
