Policy File - Decision No.: **01**

Time and date of decision:- 0930 1 APRIL 2003

Officer making decision:- Chief Superintendent STEVENS

Decision :- Disclosure of "recommendations" to PCA.

The file is relation to the GWMH, which deal with complaints against D/Supt James by eight individuals in complete & submitted to PCA (31/3/03).

The recommendations of the IO (AIC TO) is that D/Supt James receive Operational Advice.

I have telephoned D/Supt James (now C/Supt) and advised him of the ~~the~~ recommendations, with the caveat that the final decision will come from the PCA who may recommend change it.

I also contacted Emily Yates and advised of file submitted to PCA, and when pressed agreed to advise her of our "recommendations", also with a strong caveat that it was only that, and that PCA may differ in views.

Reason :

Fairness to officer - after protracted enquiry, ~~and~~ 'The complaint was all about failure to communicate and so, again as it was now very old enquiry I felt it appropriate, if unorthodox, to disclose and in view of fact officer was also aware.
