

CONSENT AND AUTHORITY

I, Emily Yeats, of Code A confirm that

I wish to support the investigation relating to the Gosport War Memorial Hospital by the following agencies. (Please tick the boxes that apply).

Please mark those investigations that you feel are most important.

I also confirm that I give permission to Alexander Harris to release my details and any supporting documents to those agencies whose investigation(s) I wish to be involved in.

Health Authority/Primary care Trust

Police

General Medical Council

Nursing and Midwifery Council

Coroner's Inquest

Professor Baker's audit

Call for Independent inquiry

I would support any action which you feel can assist us to ensure that we get to the bottom of this awful situation. However, I would say that my preferred options at the moment include the Police, Professor Baker's audit and an inquiry if relevant. The GMC + NMC are aware of us, but we are frustrated by the lack of any communication from them.
