Code A

COPY LETTER

18th May 2002

Charles Kennedy MP
House of Commons
London
SW1A 0AA

Dear Sir,

I have enclosed a copy of my formal complaint with regards Detective Superintendent John James and the supposed investigation he has now concluded into the death of my father and other elderly patients at the Gosport War Memorial Hospital.

I do not except his decision now, nor will I ever, I question both his competency and his integrity in coming to his decision.

I believe we have a clear case of systematic unlawful killing and it must be investigated to the full, with all persons connected, both relatives and staff, being interviewed and questioned. At the end of the investigation the findings should be made public or at least made available to those that matter, and any criminal or negligent charges should be dealt with by the courts. The police investigation has been nothing short of a farce and a cover up, the truth must now come out.

It has been said by a member of the police investigation team that this appears to be a fairly common code of practice, has been going on for years and is fairly widespread. This is horrific when you read about it in the tabloid press, when its a member of your family it is unbelievable, a living nightmare.

I have written to the Prime Minister to ask him if this is his policy for elderly 'Bed-Blockers', and if it is not then why wont his government investigate the matter fully instead of continually covering up and shrouding the details in secrecy. I do not expect him to answer me so please could you please raise this matter with him at question time, if he turns up.

I await hearing from you.

Yours Sincerely

Iain Wilson
