Dear Mrs Carby

Gosport War Memorial Hospital

I write to inform you that we have received a letter from the General Medical Council, informing us that they are still considering whether to include the case of Stanley Carby among the group of complaints already made against Dr Barton.

The reason for the delay in their coming to such a decision is the fact that GMC investigations have been temporarily stayed while there is an ongoing criminal investigation.

As you know, the GMC are not carrying out any further work on these complaints until the police investigation has been concluded.

We will, of course, inform you as soon as we have any further information. If you have any queries about this, or require any further information, please do not hesitate to contact me.

Kind regards

Yours sincerely
