Dear Mrs Carby

Following a telephone conversation with Ian Pierie, the Data Protection Officer for the Defence Secondary Care Agency, I should like to advise you that I am unable to release your late husband's health records for his stay in Royal Hospital Haslar, as the M.o.D. prefer to manage the release of their records themselves.

I understand that Mr Pierie will contact you to discuss the procedure for his service to release the documents.

I appreciate that this delay may cause you additional anxiety but trust you will understand.

Yours sincerely
