Our Ref: IP/ld

9th August 02

Dear Mrs Carby

As part of the work the Primary Care Trust is undertaking to inform and improve communication with patients and relatives at Gosport War Memorial Hospital, we have been in contact with the Community Health Council.

They have on our behalf, although independent of us, designed a questionnaire which will need to obtain information from patients and their relatives about the quality and type of information they receive. The questionnaire is being piloted during the week of 12th August, by the Community Health Council.

I am enclosing a copy of the questionnaire and would ask you to make any comments you might have direct to the CHC in the reply paid envelope. Your comments, along with the results of the pilot will inform the development of a bigger survey to be conducted at Gosport in the autumn.

Yours sincerely

Code A**Ian Piper**
