Dear

GOSPORT WAR MEMORIAL HOSPITAL ACTION GROUP.

Please find enclosed Consent and Authority Form duly completed and signed as requested.

I am very pleased to hear that the meeting Ann had with the police was so successful. There has been considerable cover in our local paper which is good because I feel sure that there are more people affected in the area. I hope they all come forward. Now that it has appeared in the national paper there may well be others.

May I take this opportunity to thank you all for the very helpful and informative meeting at the Solent Hotel. It is a great relief to know that there are other people harbouring the same doubts as yourself but even more of a relief to know that someone is prepared to listen and help.

Yours sincerely
