Dear S.W. Tubbitt.

Thank you for your letter dated 31.10.91 informing me of the meeting that took place on 31.10.91 with Gennie Whitney, at Redclyffe Annexe re the use of Diamophen at Redclyffe Annexe.

May I take this opportunity to restate that I am happy to discuss any areas of concern that staff may have, in fact I would welcome open discussion. ~~As I feel~~ as I feel the only alternative is disruptive criticism which achieves nothing positive and leaves staff feeling frustrated.

Yours Sincerely,

Isobel Evans
