As you are aware Dr. Dom Davis leaves on the 23rd January 2004, Dr. Funmi Dairo leaves on the 3rd Feb 2004 and Dr. Catherine Pathak (Dolphin Day Hospital) leaves on the 26th January 2004.

- Dr. Davis will be replaced by Dr. Jackie Walker who will commence on Tuesday the 27th January. Her duties will be covered on Monday the 26th Jan by Dr. Rosemary Mahungu. I have seen Dr. Walker and taken her round the wards in Gosport. She has also spoken to Dr. Davis.

- Dr. Dairo will be replaced by Dr Donna Haydon. She will commence duties on the 4th Feb but will not be able to do a Day Hospital session that day as she will be on her induction. She is a VTS SHO who will work 3 sessions a week (Mon am and all day Thursday) in Oldham Psychiatry.

- Dr. Pathak's session is not being advertised at present as it is hoped that there will be a Specialist Registrar working with me on Monday. This may be from March 2004 but arrangements have not been finalised yet. I would like a maximum of 10 Consultant sessions to be booked in on a Monday until further notice. This number is difficult when there are a lot of PD patients and I'll see how the session works out in Feb and March.

Regards,  
Althea
