Lesley, within the financial details on the front page of the service level agreement it is clearly stated that this agreement is for one year from September 1st 2004 to August 31st 2005. You have therefore had a full year's notice of the end of this agreement. My letter was to inform you as a courtesy that we would not be extending this agreement and to thank you and your partners for the large part they had played in helping us to successfully move the patients out of St Christopher's. Paragraph 24 would only have been required if we had had to end the agreement within year. Rosemary

Rosemary

Thank you for your letter of the 14<sup>th</sup> July.

Having considered the contract signed 30<sup>th</sup> September 2004, we (the partners and I) are of the opinion that under terms and conditions paragraph 24, Termination of this Service Agreement "must be preceded by the party concerned giving at least 6 months notice in writing of its wish to terminate."

Is it the PCT's intention to notify us as of the 31<sup>st</sup> August 2005 that the contract will be ceasing 6 months hence?
