I have had another contact from the salaries and wages (above practice, who have provided cover for Dr Barton) for the month of December. You may recall we had a cc of the partners except Dr Barton are covered under the '1 invoice us quarterly, they have been removed from the p them for this cover, then we will require some authority I will bring the matter to Peter King's attention on Monday matters, as I am unsure of the content of the agreement of Dr Barton's contract, except that it would continue. If you have any insight into this, please let me know, be Gary in salaries and wages may well contact you with re has claims for the practice signed by Rosemary for approx December.

Com 6^s
Excess Hrs.
Rosemary Passton

~~King P.K.~~

I have had another contact from the salaries and wages department regarding claims for partners in the above practice, who have provided cover for Dr Barton on her 'independent' contract with the Trust, for the month of December. You may recall we had a conversation regarding this recently. Because all of the partners except Dr Barton are covered under the 'new' Service Agreement' for which they invoice us quarterly, they have been removed from the payroll. If it is in order for us to continue to pay them for this cover, then we will require some authority from you or Rosemary to reinstate them. I will bring the matter to Peter King's attention on Monday when I meet with him regarding other matters, as I am unsure of the content of the agreement between the practice and the Trust in respect of Dr Barton's contract, except that it would continue. If you have any insight into this, please let me know, before Monday a.m. Gary in salaries and wages may well contact you with regard to this, as I have referred him to you, he has claims for the practice signed by Rosemary for approx. 10 sessions in total for the month of December.

Do you remember if the service agreement & Knapman allows for their invoicing us re Jane B. cover AK + S/L extra to the £4k invoiced for out of hours.

£11,000
