Seeing PK
 19/4/02.

Good idea. I'm not sure if Peter ever approached the practice recently. I thought there was something in the PHCT Clinical Governance minutes about this. Have you seen the minutes of the last meeting at Fareham Reach ??

Ian

In the light of CHI not sure if we need to do something re more robust quality standards? If so can I talk to Ian re the best way to approach?

The Bellenger and Knapman ones are mine. I will just check re the Knapman one but as far as I am aware the Bellenger one is ok as it stands.

Please kindly confirm which of the practice contracts listed below you are responsible for and whether the contract arrangements are satisfactory and that you wish to renew the contracts for another year. I will then prepare the extension to contracts reflecting the 3.6% headline increase for you to sign. I look forward to hearing from you. Regards Chris

thanks Chris, I think this might need a bit of unravelling.
 Paula is no longer responsible for rembrandt as that is the city she would be responsible for Cairns as thats east Hants

some of the others cover areas that are more than one pct now e.g. Grocott includes F/G and East Hants areas and Neal covers services that are F/G and East Hants! It may be that each service will need to sign their own off but you probably need to contact Alistair Macnaughton, Lesley Humphreys/Fiona Cameron and Dianne Wilson/Neil Stubbs and ask them how they want to pick it up in future
