Dear Fiona,

Re: Guidelines & Medicines Management Committee

I chair the above group, which was formed in response to the action plan arising from the recommendations of the Commission for Health Improvement Investigation at Gosport War Memorial Hospital.

The committee acts as the final approval body for all Medicines Guidelines in use across the district as well as reviewing Medicines Policies.

At the last meeting of the group there was a lack of clarity about how guidelines were dissimulated, implemented, launched, within PCTs. The committee is anxious to resolve this so that when a guideline or policy is approved by the committee, it would be clear as to whom/where it should be sent for implementation within Fareham & Gosport PCT. I am also raising the issue with Portsmouth City PCT and East Hampshire PCT. It would be very helpful if you would give me some guidance.

Best wishes,

Yours sincerely,

Dr R I Reid
