Fiona, I was at a meeting with Dr Button of the LMC earlier today and he gave me news of the outcome on the Sultan Ward beds saga. His survey of Gosport practices is complete and he said there are two practices who are prepared to undertake the necessary work for medical cover for the 6 beds on Sultan Ward which are to become elderly care beds.

He asked that PHCT (you or Peter King) now make the final arrangements via Dr Jim Warner. Jim is the local LMC rep and Bob, having agreed the rate for this work with you/Peter earlier, now wishes the final arrangements (ie which practice) to be agreed locally. In other words he has done his bit of agreeing a rate and established two practices are interested and he is handing this over to Jim. He would not tell me which practices, but Jim will tell PHCT. Jim is senior partner at the Warner Practice in Stubbington, phone number is Code A

Would you please contact Jim and see if a final workable arrangement can be made with the practices. When this is agreed I will arrange to change the payments for the remaining 18 beds along the lines I agreed with Bob for the changing GP workload in those beds.

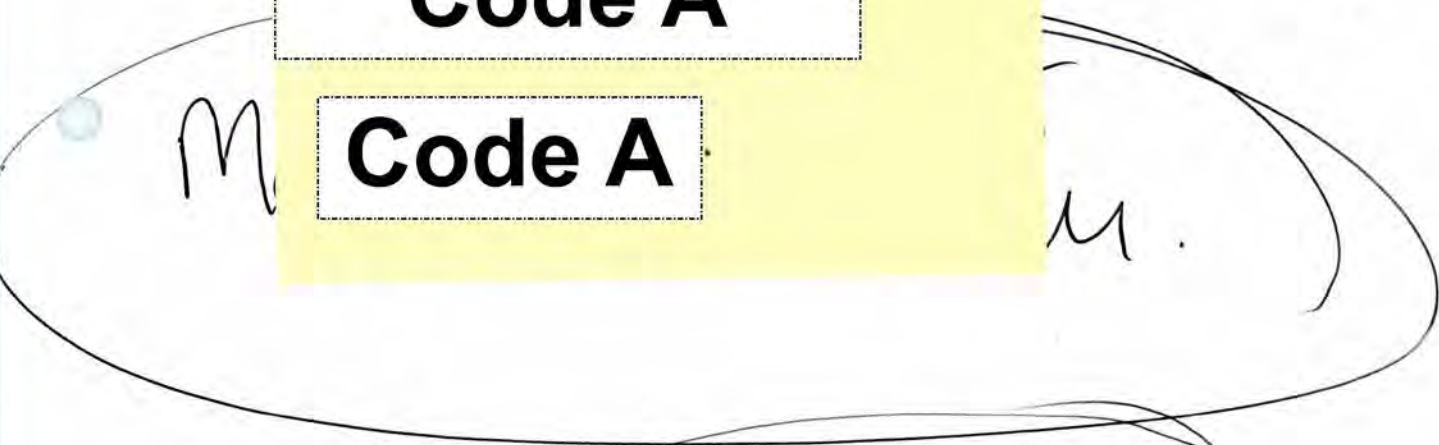

Please phone if you want to discuss any of this .Thanks.
