**Subject:** SULTAN & SHANNON

Had my meeting with John this am. No problem in principle.

1. Shannon - beds when available being used for CC patients from across the district/? patients waiting for nursing homes.

2. Sultan - 6 beds to come under the auspices of Elderly medicine consultants for patients from Dryad and Daedalus waiting for nursing homes. Medical cover = Consultant time from with current Gosport team. Daily clinical assistant time and out of hours from local GP practice. To be funded by F&G.

Bob Button has apparently surveyed the Gosport GP's re this very subject and the result expected this week. I will therefore tele him Frid or Mon to pursue. Will then need to get the contract worked up so this won't happen overnight I'm afraid.

3. Additional clinic. - Given the above, no problem with this. i will talk to Beverly about booking into next year.

Hope this is clear. Will come back to you on 2. as soon as I have anything.

FIONA
