**Cc:** Fiona Cameron - General Manager  
**Subject:** RE: Doctors on Gosport War Memorial Bed Fund Contracts

Thanks Chris,

I am not involved in the discussions re Havant & Petersfield. Please could you confirm as to whether we need to do amendment to contracts for the Gosport G.Ps or will the letter from Fiona suffice.

Jane

**Subject:** Doctors on Gosport War Memorial Bed Fund Contracts  
**Importance:** High

Dear Jane, following our conversation yesterday I can confirm that the doctors in question do not hold separate contracts in respect of any minor injuries work. Their bed fund contracts note work carried out in respect of a casualty service which is as follows:

'You will be responsible, together with the other general practitioner medical staff, and in accordance with arrangements made between ourselves, for providing a casualty service at all times, in order to provide such treatment as necessary and appropriate to any casualty patient who attends the hospital.'

I would suggest that Fiona's letter is amended to say casualty service as oppose to minor injuries service so as not to cause confusion.

We also have bed funds at Petersfield Hospital, Victoria Cottage Hospital and Havant War Memorial Hospital where gp's are on the same bed fund contract incorporating the casualty service clause who also have separate contracts for service to the Minor Injuries units there.

I understand from Sarah Elliott/Martin that you are negotiating the removal of the above proviso from their contracts and adjusting their bed fund payments according.

Please let me know if amended contracts need to be issued.

I have sent you a copy of a sample contract for reference purposes. I hope this is a help - with kind regards -  
 Chris

Fiona,  
 - her letter  
 suggested  
 I suggest  
 be on Sa  
 Please Co

JK.

document  
 stick to
