Dear Dr Barton,

Re: Primary Care Group Liaison Teams

I am delighted to hear of your appointment as Chair of the Gosport Primary Care Group.

As an integral part of the Trust's Primary Care Strategy, we have identified key people within the Trust to link directly with each Primary Care Group. This will enable us to build an effective bridge between your Primary Care Group and our Trust. They will be able to help discuss and plan service developments, involve the right people in the Trust on specific issues and will take an overview of our Service Agreement with you.

For the Gosport Primary Care Group, your link person will be Mark Wagstaff, the Clinical Services Manager of General Surgery.

I hope that the Gosport Primary Care Group will work closely with Mark. I understand that Mark is liaising with John Kirtley to arrange a date for you to meet.

I wish your Primary Care Group every future success.

Yours sincerely,

Code A

David Moss
Chief Executive
