Dear Jane

Further to your telephone call concerning the arrangements for paying PCG members, as I explained when we discussed remuneration there is a bottom line figure for each PCG for reimbursement of GPs together with an agreed rate per day of £275 for the Chairman. It is for the PCG to determine how they wish to allocate that remuneration to recognise the input made by each PCG Board member to the work of the emerging PCG.

I recognise very much the amount of work that you are putting in during this development phase of the PCG and am happy to approve a rate of 2 days per week for yourself as the Chairman.

Yours sincerely

Penny Humphris
Chief Executive
