Mr L Robinson

**Code A**

Dear Mr Robinson

Further to your conversation with me last week I thought it appropriate that I write to you.

I have spoken to a colleague at the Hampshire Constabulary who has confirmed my comments to you, that investigations into the care and treatment of patients at Gosport War Memorial Hospital are continuing and as yet Hampshire Constabulary are unable to say when the inquiries will be completed.

Whilst I understand that you do not wish to take your concerns any further I feel that you should know that, if you do wish to speak with someone who was responsible for your wife's care, you are more than welcome to do so. Either, Lesley Humphrey, General Manager or Dr Sue Poulton, your wife's Consultant, would be more than happy to meet with you. If you would like to arrange this, please contact Mrs Humphrey on **Code A**

If you wish to speak to me again please do not hesitate to contact me.

Yours sincerely,

Sue Galley  
**Communications Manager**
