Fiona/John

Further to Jacq's email, I have now spoken with **Code A**. He hasn't yet received JW's letter of 26 August, he will contact me if not received by the end of the week, he says the mail is always slow. We touched on the constraints of the DP Act 1998 in relation to disclosure of personal information and I gave him the information commissioners web address to refer to.

Re his request for disclosure of personal information - he maintains that the person at the NMC, who would not give his name, says that Trusts are always saying that they can't give out names, but that they should, and that they, NMC, will get the information for Mr W.

Code A is therefore going to write to the NMC and we should expect to hear from them shortly.

Code A and I discussed this possibility earlier today and we may need to take his further advice when we hear from the NMC. I am confident about the line we have taken thus far.

Happy to discuss further in the meantime.

Code A for information - and thanks for your advice this morning.
