Jonathan Carter (Port Eve. News)  
left message for you to ring him.

I was at TCO, Denise passed message  
to me & I phoned him.

- 1) He understands that the local police are  
  - meeting the CPS in Bordon today to  
make the decision regarding the GWH  
Case. CPS have now received  
advice from Treasury Counsel.  
In Jonathan's words today is "D Day!"
- 2) He is anticipating running a further  
  - story (big story or minor follow up),  
the content of which will depend  
on CPS Decision.

Ms Gillian Macerzje (G & R daughter -  
not our <sup>original</sup> complainant, other one) has been  
speaking to Jonathan. She says  
she has a copy of a letter from  
MM, in response to original complaint  
which apologises for failure & says that lesson

have been learned (yes she had a copy of  
yes letter said this).

Ms Mackenzie claims that at the  
time there was a system in place  
whereby patient's falling etc after 5 PM,  
would be kept comfortable at  
GWHH until the next morning, &  
only transferred <sup>to Maslow</sup> for X ray / treatment etc  
after 9 AM the next day.

Ms Mackenzie believes that this policy  
was reviewed after their complaint

3) Jonathan would like to know the  
outcome of this policy review &  
the current situation.

I said that I would relay this to  
you & that you would get back  
to him next week - Monday being  
you next day back at work.
