

GLADYS RICHARDS: FILE NOTE 5 JULY 2001

Tel. call from DS John James

The CPS still have not made their decision, they are waiting for Senior "Treasury" Counsel to advise them. Not able to predict date of decision.

DS James wants to look at the circumstances of four other deaths at GWMH, that have been reported to him by family members, following the recent press stories. When asked if these other cases would be reviewed and taken into consideration before the CPS make their decision he said no. That the two elements would run concurrently [not sure how convinced I was by this answer]

DS James would like me to hand over the notes of the following people, and write to me to this end:

Eva Page, DoB 28/12/09, died 3/3/98
Brian Cunningham, DoB ??/19, died 26/9/98
Robert Wilson, DoB 8/3/23, died 18/10/98
Alice Wilkie, DoB 29/6/16, died 21/8/98

DS James on A/L soon and gave DCI Paul Clark as contact during this time; 023 9289 9043

Notes to be pulled by LH

6 July 2001

Barbara Hall asked to confidentially pull records for LH. BH says she can find no record of Brian Cunningham either at GWMH or on PHT records.

YM checked the complaints databases - no complaints received regarding these people.
