Dear **Code A**

I met recently with **Code A** and **Code A** to discuss the care provided for their late father, Mr. Robert Caldwell Wilson, prior to his death at Gosport War Memorial Hospital in 1998. They, and three of Mr. Wilson's other children, have some concerns that they wish to explore.

Code A have asked for copies of their father's health records, which is the reason for this letter. As next-of-kin to Mr. Robert Wilson we need to seek your permission to release his records in this way.

I would be very grateful if you would please confirm in writing whether or not you give your permission for copies of your late husband's health records to be released to his sons and daughters.

I appreciate that it may be upsetting to be contacted in this manner about this matter so long after your husband's death and would like to apologise for any distress that this letter may cause you.

Please feel free to telephone me (**Code A**) if you would like to discuss this matter.

Yours sincerely,

Lesley Humphrey
