Jan/Fiona you may remember that I wrote to [Code A] widow to ask if her step children [Code A] and [Code A] could have access to her husbands records. Jan and I met [Code A] at GWMH after they saw the press stories.

[Code A] phoned me today, had not heard of the press/police interest, and is concerend as to family intentions - wants to discuss this. I agreed to visit her at home at 10am on Weds 23 May - happy to do so alone, but wondered if either of you would like to attend too?
