Subject: GWMH 12053 PPC update 2010 02 10

This is by way of a update to two of the points in your last email, as much for the record and my benefit/reflection as for your information:

Code A

Employment references: Hampshire Community Health Care Trust has yet to respond to my request for references, sent on 12 January 2010. I know that when we met last year there was going to be a problem with collating them as the referees were working at various sites. We are expecting three and if nothing is received by Friday, I will telephone Sue Harriman.

Portsmouth Hospitals NHS Trust have been asked to provide four references and have, so far, provided two this week.

GMC: on Monday afternoon, Scott Geddes (Head of Adjudication Standards and Fitness to Practise) sent over the decisions and reasons from the hearing. This has been saved in TRIM under the working folder 12053. This was followed on Tuesday by the outstanding transcripts and saved in TRIM under the appropriate folder. He has confirmed that there is no objection to the disclosure of the transcripts.

I'll start further work on this today/tomorrow and am likely to come back to you on the allegations, particularly in [Code A] When we have something from [Code A] 2009 with [Code A] and Ian so that we can agree some common ground about how we proceed.

Thanks

Dear Clare,
 Thank you so much for turning this around so quickly and giving very clear guidance for the next steps. I have been asked by the CEO to keep his office up to date and your instructions help with this enormously.

Like [Code A] I know you and [Code A] have worked extremely hard on this and it is really

appreciated.

Regards,

Code A

Clare

Thank you for forwarding me a copy of this report.

It is extremely clear and easy to follow and will no doubt be of great assistance to the PPC when it considers these cases. I have no amendments to suggest.

I appreciate that this case has involved you and Code A in a considerable amount of work which you have both completed to an excellent standard. I am also very aware of the efforts that you have both made in trying to progress it as quickly as possible.

 Subject: Gosport - updated report and panel bundle index

Dear Code A and Code A

I have finished drafting my updated report for the PPC, and have made some amendments to the panel bundle as well. Attached is a copy of my report and the revised index (i'll put them in Trim asap). Please let me know if you have any comments.

The revised bundle is similar to the previous bundle, but has some additional documents. I will keep them all together so that it is easy for someone to prepare the bundle.

Code A if you are content with this the next steps will be:

- prepare letters to be sent to registrants, including any allegations - I'm happy to help with these if I can
- letters to be sent to complainants re: PPC meeting
- letter to be sent to Mrs McKenzie/Mrs Richards re: closure of the case involving their mother in 2001
- chase the trusts/PCTs for employment references
- chase Chris Green for information about Mrs Hamblin's health

Hope this is OK - please let me know if you have any comments/questions.

Regards

Clare
