Dear **Code A**,

Code A

Thank you for your letter of 18 May inst.

Your efforts to get to the bottom of what happened are about all I could expect from a crowd of no-hopers driven by the previous government. Whether the future is any better remains to be seen.

The facts are there to be examined by any competent authority unshackled by political and self-effacing constraints. Even the police have so far failed to see the wood for the trees, again probably under political direction, so it comes as no surprise that your involvement has taken as long as it has to get nowhere.

It is not beyond the wit of man (or woman, for that matter) to see where savings in public expenditure could usefully be made.

Yours faithfully,

Code A
