Dear [Code A](#)

I have checked the index to the panel bundles and can say that the Baker report was not put before them. I believe that if we had the report, it would have been before the panel. However, we do not have a list of every document that we had in this case (we received over 100 lever arch files from the police), and the files are not in the FM room at Aldwych where they were previously stored. Accordingly, I cannot check to see if the Baker report is in them.

[Code A](#) do you know where the Gosport files have been moved to?

Regards

Clare

Hi Clare

Thanks for this. In order to be able to answer the questions posed do you know if we ever had the Baker report and if we still have a copy? I am assuming that any reference to it, if there was one, would be contained within the investigation papers.

Regards

Hi Code A

Put simply, everything we hold on this case was obtained in the context of the investigation into named nurses, whose cases were put to the PPC and closed last year. Is that sufficient for your purposes?

Regards

Clare

Subject: Freedom of Information Request

Hi Clare

Further to our conversation the information requested is as follows:

1 Does the NMC have recorded information on the Professor Richard Baker report which was commissioned by the DoH?

2 Does the NMC have a copy of this report?

3 Has the NMC ever seen this report?

4 Copies of all internal and external communications sent and received in connection with the investigations, particularly any that refer to the Baker Report?

As discussed, any information which is included in the case papers of the nurses would be exempt. Do we have any documentation in relation to the above that is outside the cases?

Thanks for your help with this. The deadline for response is 23 May 2011.

Regards
