### **Learning from the Gosport War Memorial Hospital Cases**

Thank you for your letter dated 3 June 2010 suggesting a meeting to discuss the Gosport War Memorial case.

We would be very pleased to take part in a meeting with you and colleagues from the General Medical Council. As indicated in my earlier email to you, I wonder if it would be helpful to use our meeting to also look at how we might apply the lessons from Gosport to the situation at the Mid Staffordshire Trust.

I will ask my office to contact Emma Kelly-Dempster to make arrangements for our meeting.

Thank you again for writing to us.

Yours sincerely

Professor Dickon Weir-Hughes  
Chief Executive and Registrar
