Dear Dave

Re: Gosport War Memorial Hospital

I have now prepared the Advanced Disclosure for this which runs to three lever arch files. However not all the witnesses are live and I sincerely hope that I can deal with the majority by way of Rule 37.

I am enclosing a provisional witness list although I am aware that one of the witnesses I have given as live has in fact died. However I do not have a note of who that is.

Please let me know what arrangements I should make to get the documents to you to be copied.

At this stage I believe I will need eight copies on the basis that Blake Laphorn Tarlo Lyons have agreed to copy the documents for the families.

At this stage it is an Advance Disclosure bundle and does not yet form an agreed Inquest bundle. I am still awaiting confirmation of the Listing but anticipate it will be mid March at the Combined Court Centre in Portsmouth. At that Hearing I will need all hospital notes relating to the ten deceased. Do we know where those are?

I suspect I should be writing to Des Stephenson but I do not have an address for him where as I do for you.

Yours sincerely
AM Bradley
