I am the Medical Legal Manager for the Medical Director General (Navy) and I am based at the Institute of Naval Medicine, Crescent Road, Alverstoke, Gosport PO122DL.

I have been asked to provide the Hampshire Police with medical records which were generated at the Royal Haslar Hospital, Gosport.

Up until December 1998, Haslar Hospital was run by the military and as such, all of its medical records were dealt with in the same way as all military records. They were removed from the hospital site and stored in a military establishment where they were placed on microfilm, which is then placed on a disc. Each disc contains more than one persons medical record. The hard original copy of each persons record is then destroyed. The entire record is copied, nothing is removed.

I have obtained copies of the following records, these have been printed from the discs.

Harry HADLEY Code A (JR/1). Elizabeth ROGERS Code A (JR/2), Stanley Eric CARBY Code A (JR/3).

I have obtained the original notes of Jean STEVENS Code A (JR/4).

I have given these documents to DC Code A at 1500 hrs on Thursday 16th October 2003 (16/10/2003).
