I have been asked to recall if I can remember the content of a conversation I had with Toni SCAMMEL on the evening of the 16th September 2002.

I had given Toni the documents relating to the syringe driver (JEP/GWMH/1) during the day and Toni rang me at home later that day.

I recall that Toni thanked me for bringing the documents to her and that the matter would be taken further.

I cannot remember anything else apart from what I have already mentioned.

I have been shown part of a statement written by Toni SCAMMELL, it relates to a question about did I feel the situation had improved and that things been sorted out. I cannot remember being asked this or making any reply.

I would like to add that it was around this time that I was regularly phoned by Toni in relation to a tribunal which was being set up at the hospital and that has made it more difficult for me to remember as a phone call from her was quite a regular occurrence.
