10 March 2009

Dear Valerie Maddison

CORONER'S COURT JURY SERVICE – REF: COR/90810035/18-03-09

As requested by Mr Alan Jolliffe, I have been asked to confirm to you his normal working pattern for the past twelve months and the pattern that I would have expected him to be working during the period of the Jury service referenced above.

I can confirm that the predominant working pattern for Alan over the last twelve months has included overtime of approximately nine hours per week, four hours of which is paid at £20 per hour and five hours of which is paid at £22 per hour. I can also confirm that this would have been the continuing trend for the foreseeable future due to our heavy workload and the importance of Alan's position.

Yours sincerely

Code A

Rob Hill
