Dear Mr. Bradley

I was recommended by Yvonne True, from Motorola to contact you regarding notary public. I have a flat to sell in Singapore and I am giving the power of attorney to my parents to perform for me. The attorney in Singapore send me 2 copies of the documnets to be signed by my wife and myself and get them notarized. They also required me to get my wife and myself each copy of our Singapore Identity Card notarized as well. Can you know what is the charge for notarized?

Two same copies of power of attorney.
One copy each of my wife and my Identity Card.

Thank you.
Best regards,
Kelvin Koh
