Dear Ms Deeks,

Thank you for the e-mails which have been forwarded to me by Portsmouth

The request you have had is probably as a result of the advance disclosure I have sent to the police for approval before it goes out to the interested persons and asked that they should ensure all hospital notes are available at the Inquests.

Thank you for pointing out that Nurse Giffin has died which will avoid any embarrassment.

It would be helpful if you could let me have details of spelling mistakes before I send out the AD

As a matter of interest I was not anticipating calling Sylvia Giffin so far as I can recall.

Thanks for your help.
